Dear Sir,

Sub: Permission to register late for Semester 1 2015-16

I have accepted an offer for a three-month internship with Mozilla this summer. I will be in Mountain View, California, USA for the duration of this internship, where I will be learning and developing various skills as I work on their Firefox internet browser. The internship officially ends on August 7th. Hence I will have to register two weeks late for Semester 1 2015-16. I request you to please grant me permission for the same so that I may take up this unique opportunity. I can provide any required supporting documents at your request. I have already spoken to Neena ma'am regarding this and was asked to get the request formally forwarded by you.

Thank you,
Nihanth Subramanya
